ZenAluminium

PREMIUM LINE

MANUFACTURER OF DOOR INFILL PANELS

ZenAluminium

WITH A PASSION FOR DOORS

Together we can achieve more

Dindecor designs and manufactures high-quality door fillings that match your vision and needs. The infill panels that we make lend an exceptional character to the doors they are fitted in, Doors are not merely an entrance to your home, but also a calling card, an expression of individuality and personal aesthetics. Every day, we strive to meet our partners' expectations by producing doors in line with the customer's vision and with attention to the smallest details.

You can only achieve the highest quality by using the latest technologies

Dindecor manufactures door infill panels using the latest technologies. Our advanced machine park, including CNC cutters and a state-of-the-art powder coating paint facility mean that we can offer top quality products. Of course this wouldn't be possible without our qualified staff, who guarantee attention to every detail and an aesthetically satisfying final result. Because we also do hand-finished work, the customer can freely choose from among various designs, decorative applications, glazings and many other materials, to make the doors they choose exceptional.

NEW!

We present to you the Premium+ line, including a range of new designs and materials that have never been included in our offer before. The offer was created based on the demands of our customers as well as the latest market trends.

A new element of the offer is infill panels with natural stone, concrete, or toughened black glass. Furthermore, the Inox inlay can now be replaced with a 3D decorative application. The offer also now includes painted inlaid handles in colours that match the infill panel.

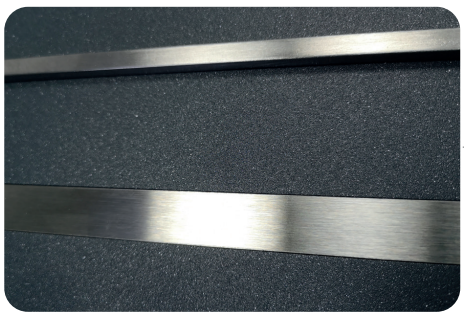
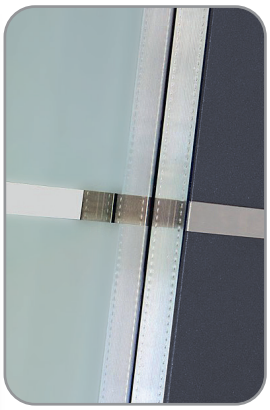
Concrete Effect

In selected models, flush or protruding stainless steel decorative applications are available





Model 2802

Colour: RAL7016
Glazing: Sand-etched as shown in design
Decorative applications:
Stainless steel, flush with surface
Handle: PD134 - 1600mm, oak wood

Flush or 3D applications

Model 2802 WD

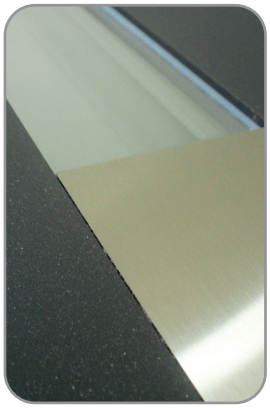
Colour: RAL7016 / Woodec veneer
Glazing: Sand-etched as shown in design
Decorative applications:
Stainless steel, flush with surface
Handle: PS10, L-1600mm

Model 2802 BS

Colour: RAL7004 / metal painted to any RAL colour
Glazing: Sand-etched as shown in design
Decorative applications:
Stainless steel, flush with surface
Handle: PS10, L-1600mm

Model 2802 FR

Colour: RAL7001
Glazing: Sand-etched as shown in design
Decorative applications: Routing
Handle: PD134 - 1600mm, oak wood



Model 1301

Colour: RAL7016
Glazing: Satinovo
Decorative applications:
Stainless steel, flush with surface
Handle: PS10 - 1600mm

Model 1101

Colour: RAL7016
Glazing: Satinovo
Handle: PS10 - 1600mm

Model 6002

Colour: RAL9016
Glazing: Satinovo
Decorative applications:
Stainless steel, flush with surface
Handle: PS10 - 1200mm

Model 1401

Colour: RAL7016
Glazing: Satinovo
Decorative applications:
Stainless steel, flush with surface
Handle: PS10 - 1600mm

Model 5022

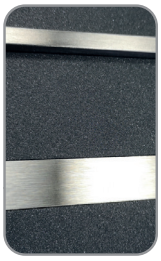
Colour: RAL7016
Glazing: Satinovo
Handle: PS10 – 1200mm

Flush or 3D applications

Model 5026

Colour: RAL7016
Glazing: Satinovo
Decorative applications:
Stainless steel, flush with surface
Handle: PS – 1400mm

Flush or 3D applications



Model 5026 WD

Colour: RAL9016 / Woodec veneer
Glazing: Satinovo
Decorative applications:
Stainless steel, flush with surface
Handle: PS – 1400mm

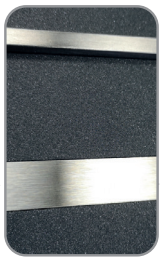
Model 5026 BS

Colour: RAL7016 / metal painted to any RAL colour
Glazing: Satinovo
Decorative applications:
Stainless steel, flush with surface
Handle: PS – 1400mm

Model 2801

Colour: RAL7016
Decorative applications: Routing
Handle: PD134 – 1600mm,
jatoba wood

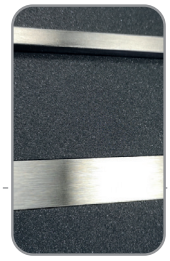
Flush or 3D applications



Model 2801 ST

Colour: RAL7016
Decorative applications:
Stainless steel, flush with surface
Handle: PQ 40x20 L-1600mm

Flush or 3D applications



Model 2801 BS

Colour: RAL9016 / metal painted
to any RAL colour
Decorative applications:
Stainless steel, flush with surface
Handle: PQ 40x20 L-1600mm

Model 5009

Colour: RAL7016
Decorative applications: Routing
Handle: PS10 – 1200mm

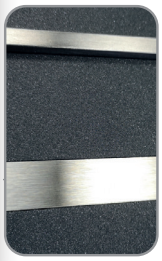
Model 6111

Colour: RAL 9016
Decorative applications: Routing
Handle: PQ10 – 800mm painted with RAL 9005

Model 5009 ST

Colour: RAL7016
Decorative applications:
Stainless steel, flush with surface
Handle: PS10 – 1200mm

Flush or 3D applications



Model 5018

Colour: RAL7016
Decorative applications:
Stainless steel, flush with surface
Handle: PW10

Model 5014

Colour: RAL 7004
Decorative applications: Routing
Handle: PW21

Model 5008

Colour: RAL7016
Glazing: Satinovo
Decorative applications:
Stainless steel, flush with surface
Handle: PS10 – 1200mm

Model 5008

Colour: RAL 9016
Glazing: Satinovo
Decorative applications:
Classic style aluminium frames
Handle: PS10 – 800mm

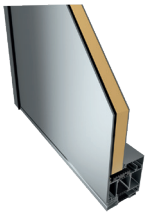
Three types of door infill panels are available in our offer:

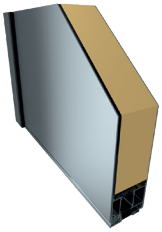
Standard insert panel:

These panels are mounted in the door frame in the same way as typical doors. The profile of the door is visible both from the inside and the outside. This is the simplest and easiest to install type of door infill, offered in thicknesses of 24 and 36 mm as standard.



Single-sided attachment panel:

These panels are made from aluminium skin layers. On the outward facing layer, a 3 mm-thick aluminium sheet is attached to the door frame, making it invisible, while on the inward-facing side, beading is applied. This construction gives doors an elegant and cohesive look.



Double-sided attachment panel:

These panels provide the highest heat insulation parameters. Aluminium sheets cover the doors from both sides, ensuring elegance and refined aesthetics. The total thickness of the infill is greatest in this type of construction and is adapted to the particular type of door profile.

Our products can be used in all types of aluminium and PVC doors available on the market.
